

Michigan Medicaid Health Plan Credentialing Reference Guide

CREDENTIALING FORMS

	Application Submission Process				Expectation of Claims Processing/Reprocessing			Process Updates
Medicaid Health Plan (MHP)	Where can a provider locate the plan's provider credentialing form(s) and processes, including any provider-specific credentialing instructions, to ensure credentialing applications are complete when submitted?	Providers will be notified within 10 calendar days of an incomplete application by the MHP(S) to whom they have applied for credentialing.	Who can the provider contact to verify that the plan received the credentialing application and that it was considered complete?	How and to whom can a provider escalate the issue/delay within the MHP?	While a provider is undergoing credentialing by the plan, what should a provider do with claims for services rendered to plan members?	When a provider's credentialing process is finished, will the plan require a provider to request retroactive claim adjudication (for services rendered while the provider's credentialing was occurring)? If so, to whom and how should a provider submit the request? If not, how will claims adjudication be initiated?	If a provider experiences a problem with the adjudication of claims for services rendered while the provider's credentialing was in progress, to whom can the provider contact for assistance with troubleshooting and resolving the issue?	Where can providers expect to find updates or changes to any required forms, processes, or required documentation, and are there any associated timeframes within which changes can be expected?
Aetna Better Health of Michigan	Materials and Forms for Providers Aetna Medicaid & DSNP Michigan ; Please review Chapter 5 of the Provider Manual for credentialing information.	Providers will be notified within 10 calendar days of an incomplete application.	For <i>existing</i> contracted providers, please reach out to Provider Relations: Call 866-316-3784 or email AetnaBetterHealth-MI-ProviderServices@AETNA.com For <i>new</i> providers going through initial contracting, please email MIaetnaContractingRequest@AETNA.com	Provider Relations: 1-855-676-5772 or e-mail us – Provider Relations staff are the point of contact to address any issue, delay, or to escalate within the plan. Providers can also email directly to PR for questions on credentialing status at: aetnabetterhealth-MI-ProviderServices@aetna.com	For <i>existing</i> contracted providers, please reach out to Provider Relations: 866-316-3784 or email MIABHProviderNetworkMgt@AETNA.com For <i>new</i> providers going through initial contracting, please email MIaetnaContractingRequest@AETNA.com	Through the provisional process, retroactive claim projects are generally not required. However, if updates are needed, the provider can contact Aetna Better Health of MI Claims Inquire Claims Research (CICR) at 866-316-3784.	Aetna Better Health of MI Claims Inquire Claims Research (CICR) at: 866-316-3784	See the Aetna Better Health website under Provider Section, the Provider Manual, Chapter 5, for detailed information on credentialing/recredentialing activities/timelines Materials and Forms for Providers Aetna Medicaid & DSNP Michigan

Meridian Health Plan of Michigan	Meridian Join Our Network Health centers can credential providers through the Provider Network Participation & Enrollment Process webpage . A list of provider representatives & contact information is available in Meridian's Provider Relations Staff Directory .	Providers will be notified within 10 calendar days of an incomplete application.	Provider Relations Contact Form . Please include the provider's name and NPI in outreach.	Provider Relations Contact Form . Please include the provider's name and NPI in outreach.		Meridian has established processes to limit the need to adjust claims prior to enrollment/credentialing finalization by setting a standard effective date for the par relationship that aligns with the enrollment lead time. If the enrollment finalizes after the effective date of the participating (par) relationship, then Meridian will proactively sweep claims for the provider to adjust them to pay according to the contracted agreement if they were originally processed as non-participating.	Provider Relations Contact Form . Please include the provider name and NPI in outreach.	Updates may be shared via Meridian's Provider Newsletter, within updates to the Provider Manual, notices within the Provider Portal/Website, or during JOC meetings with assigned provider representatives. Updates can be located at Meridian's Provider Bulletins site.

Molina Healthcare of Michigan	Join Molina Healthcare of Michigan's Network	Providers will be notified within 10 calendar days of an incomplete application.	The assigned Contract Manager or Provider Network Representative	The assigned Contract Manager or Provider Network Representative	Claims can be submitted for processing as long as the Provider NPI's are registered and active in CHAMPS. Please refer to our Prior Authorization lookup tool on our website for services that may require an authorization at: Prior Authorizations	With the provisional process, claims will be paid at 100% of Molina's non-par provider rates for the applicable provider type. Providers generally do not need to submit requests for retroactive claims adjudication. However, Molina does make exceptions and works with providers to retroactively add a provisional record to cover past claims. These exceptions require internal approval and are coordinated through the Provider Network team, after which the impacted claims are reprocessed by the health plan.	The assigned Provider Network Representative	Providers are encouraged to utilize the Molina website for updated forms, processes, or required documentation. Plan will also send email, fax blasts, and/or written correspondence of updates, changes, etc., directly to provider groups. Note: Molina uses CAQH for validation in many instances, so providers are encouraged to update their information in CAQH as well.
